nition when it came to promotion. Publication of the Police Bulletia was begun. The health of the cop for the first time The health of the cop for the first time received incolligent consideration. His living quarters were improved. A probationary system took the place of the old fine or imprisonment, the report shows further, thus wiping out a cruel system of police punishment, which usually caused the policemants wife or lacrease of 1,500,000 Tens in children to suffer instead of ranishing.

There was a change for the better in same period last year, figures issued lorday by the bureau of foreign and clety was formed. A training school was perfected, which is unequalled in results in any police department in the world. Early last year arrangements were completed whereby the copper began to take up the study of criminal law at Colum-

The Bureau of Lost Property was instituted. There were needed changes in court procedure as it affected the cops efficiency. A bureau to deal with missing persons was perfected to the point that whereas before the Missing Persons Hureau was instituted by Commissioner Words about 86 per cent of persons reported missing were found, now 92 per cent, are returned to their relatives.

A campaign to lesson street accidents was beginning began the accidents began

A campaign to lessen street accidents was begun, and the accidents began to decrease. Street traffic was tackled throughtfully for the first time. Definite procedure for the handling of compilations for police service—again bald figures prove it—decreased.

The hounding of convicts liberated from Sing Sing after doing time, was absolutely abolished, and the Commissioner instituted the practice instead of welcoming the convicts to headquarters and then using the equipment of his As a sort of formal haif and farewell to Mayor and public alike. Arthur Woods, who is about a farewell and narrow again.

LOOK FOR THIS SIGN

WHENEVER you see this sign you can buy Tydol. The number of high-grade garages throughout greater New York where you will see it is increasing flaily.

Motorists call Tydol "the new economy gasoline." It vaporizes fast. Works best on a mixture of 15 parts air to 1 part fuel. Gives surprising results in power and mileage. Yet Tydol costs no more than sluggish gasoline.

Ask your own garage man to apply for a Tydol agency. Meanwhile look for the orange and black sign when you want the gasoline that cuts down your fuel bill.

To reduce friction and wear, use Veedol, the automobile lubricant that resists heat. Reduces sediment by 80% and increases power and gasoline
